

European Alliance for Thermoplastic Composites

Discover the potential of thermoplastic composites! Real world experience and applications

This new seminar brings together a unique collection of topics and speakers and provides a practically-oriented, in-depth overview of applications using thermoplastic – in particular long fibre reinforced – composites.

Your benefits

- Unique overview of materials, processing, design, applications and structural parts.
- Meet experienced speakers from renowned companies!
- Interactive seminar with free space for your individual questions.

Target group

- Current or potential future manufacturers of composite components, who wish to find out more about the possibilities offered by thermoplastic – especially long fibre reinforced – composites or investigate the opportunities for introducing or switching to the corresponding technology.

Time and place

- Wesel, on the premises of BYK-Chemie GmbH
- Date: March 2nd, 2016
Start: 10.00 h (9.00 h Come together)
Finish: 17.00 h
(Seminar number: 0004170302)

Your investment

Per seminar and participant

€ 545.00 for AVK-members (excl. of VAT)

Total price inkl. 19% VAT: € 648.55

€ 695.00 for non-members (excl. of VAT)

Total price inkl. 19% VAT: € 827.05

Price includes non-alcoholic drinks, lunch and seminar documentation.

European Alliance for Thermoplastic Composites

Agenda

CORE THEMES

Material for Thermoplastic Composites: Overview and developments

- Matrix
- Fibers
- Additives and coupling agents
- Intermediate materials

Process

- Compounding
- Different part shaping processes
- Process selection

Product: Design and Simulation

Applications: Practical Examples

- Automotive Interior
- Automotive Exterior

Structural Parts / Laminates in Thermoplastic Composites

Open Discussion about the market: Chances, Developments, Trends,

SPEAKERS

Virginia Bozsak, ARKEMA

Markus Kralicek, Borealis Polyolefine GmbH

Jochen Wilms, BYK Chemie GmbH

Sreenivas Paruchuri, Faurecia Automotive Seating

Tobias Joppich, Fraunhofer ICT

Dany de Kock, Johns Manville

Tilmann Sontag, LANXESS Deutschland GmbH

Craig Melling, NEG

Joachim Graefe, Quadrant

Dr. Egon Moos, Röchling Automotive

European Alliance for Thermoplastic Composites

AVK-SEMINARS/ REGISTRATION FORM

Online registration

Fax: +49 (0) 69 – 27 10 77 – 10

Mail: info@avk-tv.de

Infoline: +49 (0) 69 – 27 10 77 - 0

I will attend the EATC/AVK Seminar

We are AVK-Member.

I have read and accept the AVK general terms and conditions.
