

## PRESS RELEASE

August 2023 – No. 08/2023

### **SMCCreate 2023 – Prague 7-8 November – Programme released**

**The 2<sup>nd</sup> edition of the SMCCreate conference jointly organized by the AVK and the European Alliance for SMC BMC takes place from 7-8-November 2023 in Prague, Czech Republic. The conference program has now been published. Registrations are possible.**

SMC and BMC are composite materials ideal for making light and intricate parts that combine structural performance with a smooth surface finish. For that reason, SMC and BMC are increasingly used in a broad range of end-use applications and markets.

#### **Using SMC BMC in your part design**

Within the time of only 1.5 day and 16 lectures, the **SMCCreate 2023** conference will again cover a wide range of subjects, all relevant for designers in their selection of materials solutions that provide performance, cost efficiency, manufacturing ability and sustainability. The participants can expect presentations from the following top-class companies: **Airbus, AOC, BYK-Chemie Dieffenbacher, EBG Group, ESI Germany, Fraunhofer, IDI, Mitras, Netzsch, Owens Corning, Siemens and Teijin.**

#### **Date and Location**

The SMCCreate 2023 will take place from November 7-8, 2023 in Prague (Czech Republic) at the Vienna House Diplomat Prague. We invite you to be part of the leading SMC/BMC event in the Europe! Registrations are now possible. The programme, further details and registration information is available at [www.avk-tv.de](http://www.avk-tv.de).

### **AVK expert task force SMC/BMC**

AVK, the German Federation of Reinforced Plastics, is the professional German association for fiber-reinforced plastics and composites. It represents the interests of manufacturers and processors both in Germany and at the European level. Its range of services includes specialized workgroups, seminars and conferences as well as the provision of market-specific information ([www.avk-tv.de](http://www.avk-tv.de)). The aim of the AVK expert task force SMC/BMC is coordinating procedures regarding SMC and BMC material optimization. In Germany, AVK is one of four support organizations of GKV, the General Association of the Plastics Processing Industry. Within Europe, it is a member of the European umbrella association for composites, EuCIA (European Composites Industry Association). AVK is a founding member of Composites Germany. [www.avk-tv.de](http://www.avk-tv.de)

### **European Alliance for SMC BMC**

The European Alliance for SMC BMC is an industry association of European companies involved in SMC and BMC technology, promoting the benefits of SMC BMC Composite solutions through:

- Connecting key stakeholders in the supply chain
- Providing details on typical end-uses
- Explaining the features and associated benefits
- Making available design information to engineers and designs
- Facilitating the information exchange at selected events

More information about the European Alliance for SMC BMC on <https://smcbmc-europe.org/>

The European Alliance is an association operating under the umbrella of EuCIA in Brussels, Belgium.
